

STATIONERY ORDERS FOR Grade 11 – 2025

Dear Parents

Please see the stationery requirements for each subject below. **Parents may purchase stationery from any supplier**, although Treverton has set up a convenient order from SCOLA-TEK, Waltons and Speciality Papers.

Orders placed at any supplier must be paid directly to the supplier and NOT to Treverton. Please see the details regarding the order process for each supplier. Speciality Papers will be making the order available online for parents. (<https://www.speciality.co.za/back-to-school-lists/>). Waltons have our lists on their site at www.backtoschool.co.za

These orders will be delivered directly to Treverton and distributed to the learners at the start of the new school year.

The Visual Art Department can supply your child with the required materials, and can charge these to your school account. Due to the bulk order, the items are purchased at a better price and contain the correct materials needed for the Visual Art curriculum. If you would like to order please email Mrs Allen at dallen@treverton.co.za.

Scola-Tec is our preferred supplier of Technology equipment. This is due to Scola-Tec being the only supplier who has the right instruments that we need, with the right quality. One of these items is a compass and will be used across multiple subjects, the remainder are used in Technology.

The Afrikaans stationery requirements have lessened as we will be working out of an Afrikaans workbook this year. Students will be billed for this separately once they arrive in January 2025.

A reminder: Parents can purchase the stationery required through any supplier they wish to use. The suppliers mentioned will pack a parcel for your child with all the ordered stationery. These packs will be delivered to the school and distributed to each child at the start of the new year.

Should you require any further assistance please contact me by email

Kindest regards,
